EXPERIENCE

A Rocha Kenya (Conservation NGO) | Watamu, KE

Jan 2020 - August 2020

Field experience during which I was responsible for fundraising, communication, and local capacity-building initiatives.

- Led international grant applications and crowdfunding campaigns
- Managed external communication: website, social media channels, annual report, newsletter, etc.

International Committee of the Red Cross (ICRC) | Geneva, CH

July 2016 - Dec 2019

As Techno-Pedagogical Engineer, I managed learning initiatives liaising with internal experts and external providers. As Applications Trainer, I produced online learning courses, conducted trainings of trainers to build internal training capacity, and supported the digital transformation of the division.

- Managed the design and development of trainings in various formats: eLearning, blended, mobile app, face-to-face
- Produced user-friendly learning resources to facilitate colleagues' adoption and use of new digital tools
- Delivered training of trainers and regular internal workshops on training practices and digital tools
- Designed and facilitated online communities of practice and online learning paths

United Nations Institute for Training and Research (UNITAR) | Geneva, CH

Sept 2014 - June 2016

As eLearning officer, I gained broad experience in the development, promotion and evaluation of online training courses, as well as key skills in project management and communication.

- Facilitated, translated, and evaluated eLearning courses on Moodle
- Co-organized an international Forum (logistics and content)
